PROFESSIONAL SUMMARY

Front-End Developer and Senior Business Information Systems Student with an exceptional academic record (GPA 3.922 / 4.0 | A+). Currently specializing in React Front-End Development through the Digital Egypt Pioneers Initiative (DEPI). Skilled in building responsive, accessible, and user-friendly web interfaces using HTML5, CSS3, JavaScript (ES6+), and React. Focused on component-based architecture, clean code practices, and standard UI integration.

EDUCATION

Assiut University

Bachelor of Business Information Systems (BIS)

(2023 – 2027)

Expected Graduation: 2027 | Cumulative GPA: 3.922 / 4.0 (A+)

EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI)

(2026 – Present)

React Front-End Web Design Track

- Developing dynamic web interfaces using modern React component-based architecture.
- Applying responsive design techniques and client-side interactivity using JavaScript and CSS.
- Practicing modular code structure and standard front-end development workflows.

PROJECTS

Personal Portfolio Website | HTML5, CSS3, Responsive Web Design

- Designed and developed a personalized portfolio website to present technical skills, background, and front-end development projects.
- Applied modern CSS layout techniques (Flexbox & Grid) to achieve a clean, fully responsive design across various device screens.
- Structured semantic HTML elements ensuring clear page hierarchy, accessibility, and clean code formatting.

TECHNICAL SKILLS
